INSTRUCTIONS

Please Confirm Midline:

The lower midline compared to the upper midline at protrusion should be:

Patient's Right _____mm ☐ Centered ☐ Patient's Left _____mm ☐

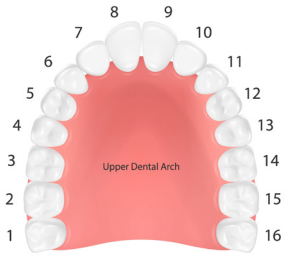
Bite Registration Guide:

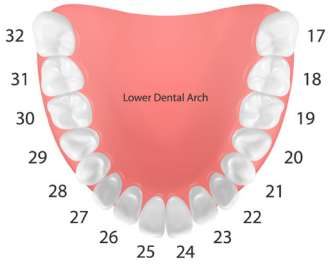
Elevate: Accommodates a 4 mm to 15 mm vertical.

Serena Nylon EMA®: Strap buttons are set at 20 mm apart based on bite registration.

☐ **CHECK HERE: It is OK to open the vertical bite as much as 1mm (if necessary) to optimize the appliance.**

Please make any notes or special instructions:





Note that any area that is not identified for customization, standard design parameters will be used.
